

The image shows the Android Studio IDE interface. On the left is the Project Explorer showing the project structure: app, manifests, java (com.example.pomodoroodev\_turkeratac), res (drawable, layout, mipmap, values), and Gradle Scripts. The 'values' folder is expanded, showing colors.xml, strings.xml, and themes (2). The main editor displays the MainActivity.java file with the following code:

```
1 package com.example.pomodoroodev_turkeratac;
2 import android.os.Bundle;
3 import android.os.CountDownTimer;
4 import android.view.View;
5 import android.widget.Button;
6 import android.widget.SeekBar;
7 import android.widget.TextView;
8 import androidx.appcompat.app.AppCompatActivity;
9 import androidx.core.content.ContextCompat;
10
11 public class MainActivity extends AppCompatActivity {
12     private static final int POMODORO_DURATION = 25*60*1000;
13     private static final int SHORT_BREAK_DURATION = 5*60*1000;
14     private long mTimeLeftInMillis = POMODORO_DURATION;
15     private SeekBar seekBar;
16     private boolean timerRunning = false;
17     private CountDownTimer countDownTimer;
18     private Button startButton;
19     private TextView timeText;
20     private boolean onBreak = false;
21     @Override
22     protected void onCreate(Bundle savedInstanceState) {
23         super.onCreate(savedInstanceState);
24         setContentView(R.layout.activity_main);
25         startButton = findViewById(R.id.startButton);
26         timeText = findViewById(R.id.timerTextView);
27         seekBar=findViewById(R.id.seekBar);
28         seekBar.setMax(25);
29         seekBar.setProgress(25);
30         startButton.setOnClickListener(new View.OnClickListener() {
31             @Override
32             public void onClick(View v) {
33                 if (timerRunning) {
```

The right side of the IDE shows the 'Running Devices' tab with a Pixel 7a API 30 emulator. The emulator screen displays a red background with a white progress bar at the top showing 0 to 25. In the center, a large digital clock shows '24:06'. Below the clock is a large, unrolled scroll with the text 'Deneme' in the center. At the bottom, there is a red button labeled 'İptal Et'. The bottom status bar of the emulator shows the time 11:42 and battery level 1:1.
